

Help Field Personnel, Help You...

Field Personnel Can Instantly Check Gas Flows. Eliminates some office calculations. Speeds up reporting.

BUY IN QUANTITY AND SUPPLY BOTH FIELD AND OFFICE PERSONNEL.

The
Sonney
Orifice
Computer

For Use with Flange Taps, Pipe Taps, or any Orifice Fitting.

- Stocked in Plastic and Aluminum

- Supercompressibility (Fpv) correction is provided on the face of the computer.
- Orifice diameters range from 1/6" to 30"
- Delivery rates up to 1 billion cubic feet per day.
- Differential pressures from 0.1 to 200 inches of water for meter
- computations and 1 pound to 10,000 pounds for estimating flow through "chokes".
- Pressures from 29" of mercury vacuum to 10,000 psi gauge
- Gravity correction - 0.1 to 1.5.
